

THE RISE IN PRICES
IS NOT JUSTIFIEDHIGH FIGURES NOT IN KEEPING
WITH THE DEMAND.Least Satisfactory Feature of the
Trade Situation Is the Increase in
Speculative Business—Wool Pro-
duction Increasing—Failures Re-
ported for the Week.

New York, April 20.—R. G. Dun & Co.'s weekly report of trade says: "In every speculative department business is growing, but this is really the least satisfactory feature of the situation. Cotton, oil, and wheat climb above the export price, so that the marketing of products abroad must be checked, and money is absorbed which ought to be emptied in productive industry and in distribution of products to consumers. There is no evidence that cotton is in larger demand than it was when the price was a cent lower, but prices have been so low for months that an upward movement was easy without much reason, though stocks here and abroad are 300,000 bales larger than they were at the same date after the greatest crop ever produced heretofore, and spinners here and abroad have taken about 1,600,000 bales more than they have consumed.

"The rise tends to prevent the decrease of acreage, which is its one reasonable excuse. Wheat has advanced over three cents during the last week, and the western receipts are small, only 1,002,845 bushels, against 1,768,829 last year, but Atlantic ports for three weeks of April have been only 5,666,481 bushels, flour included, against 5,650,366 last year, and there is no indication that the foreign demand will increase, while the prospects for this year's crop are considered excellent. Western receipts are not large, and it would be strange if they were with prices so low but advancing. Exports continue to indicate that the European demand will not be particularly heavy this season.

"Outside of speculative markets the most important feature is the rise in the price of beef, which is largely due to the control of sources of supply by a few strong corporations. There ought to be, but apparently is not, sufficient power in the hands of the government to meet any such conspiracy against the public, and the proposal of Secretary Morton to admit Mexican cattle and cattle from Canada on easy terms for the benefit of consumers is heartily commended, though it is not likely to have much influence.

"In iron and steel the situation is rather disappointing, although the output continues large, as the demand for finished goods does not seem to increase. It is still an open question whether the consumption will support the manufacture at the present rate, which is at least an eighth below the present maximum.

"The cotton mills are encouraged by improving prices and are fairly busy. Sales of wool at the three chief eastern markets have been 18,334,300 pounds for three weeks of April, against 14,602,800 last year, which indicates that the production of goods is at present larger than it has been at any other time for nearly two years, and, while foreign competition is seriously felt in some branches, the manufacturers are making a vigorous effort to retain the home market, even in lines which they at one time expected to abandon.

"Failures during the last week have been 241 in the United States, against 219 last year, and 34 in Canada, against 45 last year."

OUTLAWS CAPTURED.

Shots Exchanged and a Sheriff is Prob-
ably Fatally Wounded.

Uniontown, Pa., April 20.—The band of outlaws which has been operating in Fayette county and which eluded all the posses which have been sent after them were brought to bay at Kingwood, W. Va., last night and are now safe in the Kingswood jail. The leader, Bill Turner, is still at large. The prisoners are George and William Smitley, Archibald Patterson and George Harvey. They were taken only after a fierce struggle, in which Sheriff Shaw was probably fatally wounded. The final combat was a hand to hand fight in which over fifty shots were fired. Not until the bandits were crowded into a narrow corner and could fight no more did they surrender. Smitley will be held for trial on a charge of murder in case Sheriff Shaw dies.

Failure Is a Bad One.

Grand Forks, N. D., April 20.—The assignment of the North Dakota Milling association is one of the largest failures in the northwest for years. The liabilities will amount to \$375,000, of which \$150,000 is owed in England, \$25,000 to New York banks, \$115,000 to banks in St. Paul, Minneapolis, and Duluth, \$25,000 in Red River banks, and miscellaneous debts amounting to \$30,000. The mills will all be closed at least a month before starting up again.

Trial of Debs Is Fixed for May.

Chicago, April 20.—Judge Bunn of Wisconsin will try Eugene V. Debs and his American Railway union associates at the May term of the United States District court. Judge Jenkins and Showalter of the Circuit court agreed in the event of the continued illness of Judge Grosscup to call on Judge Bunn to conduct the Debs trial. Judge Baker of Indiana has consented to preside over the term of the District court which opens at Peoria next week.

Nebraska Bank Closes Its Doors.

Gold Basis Authorized.

St. Petersburg, April 20.—The council of the empire has unanimously approved a decree authorizing commercial transactions of any kind to be concluded on a gold basis.

AFTER TAX SHARKS.

Resolution to Investigate the Assessment
Abuses in Illinois.

Springfield, Ill., April 20.—Representative Miller of Cook introduced in the house yesterday a resolution for the appointment of a special committee charged with the duty of investigating the abuses said to exist in the assessment of property for taxation in Cook county. At Miller's request it was made a special order for Wednesday morning next.

Mr. Schubert presented a memorial from officers of the American Federation of Labor protesting against the appropriation of money for the purchase of additional machinery at the penitentiaries. It was read, ordered printed, and referred to the committee on appropriations. Mr. Boyd offered a resolution, which was referred to the committee on appropriations, making provision for the care of the Douglas monument in Chicago. The judiciary committee bill, originally prepared by Mr. Crafts, revising the practice in courts of record was recalled, by request of Mr. Crafts, from third reading to the order of second reading for the purpose of amending. Section 2 was then stricken from the bill. This is the section which virtually established the code practice in this state. The bill was then advanced to third reading.

The arbitration bill prepared by the house committee on judiciary from the three measures introduced in that body at the first of the session and which was passed by the senate a few days ago, and yesterday after a hot discussion was advanced to the order of second reading. A message was received from the governor nominating Samuel S. Page of Cook as trustee of the Eye and Ear Infirmary, vice Daniel Goodwin, term expired. Senator Crawford's bill providing for the formation and disbursement of the public school teachers' and employees' pension and retirement fund was called up and advanced to third reading. It was made a special order for next Wednesday. Senator Dunlap called up Aspinwall's bill making appropriations for the holding of farmers' institutes, and had it referred to the committee on appropriations. Senator Fisher's bill appropriating \$50 to each farmers' institute was referred to third reading. Senator Leeper's bill amending the law relating to building and loan associations was passed. The legislature adjourned till 5 o'clock Monday.

MILLIONS IN A GRAB.

Standard Oil Squeeze Will Net It \$50,-
000,000.

Chicago, April 20.—The Standard Oil company is declared to be engaged now in the most stupendous operation ever undertaken in its career—to take from the pockets of the American people, through the medium of oil, a sum of money the immensity of which is not realized by the mere expression of it in figures: to acquire as part of its possessions the desirable oil-producing territory of the United States east of the Missouri river, and in so doing to constitute itself supreme and absolute owner of an indispensable lighting and fuel material in this country as it is now dictator of its distribution. There are signs that the gigantic plan will succeed. By the advances made so far in the price of refined oil the Standard has added \$50,000,000 to the value of the product it absolutely owns and will sell to the people.

They Want Another State.

St. Paul, Minn., April 20.—It is learned here that all of the population of the country at the head of Lake Superior is enthusiastic for the proposition to make the state of Superior out of the corners of Michigan, Wisconsin and Minnesota. This sentiment was voiced in the Minnesota legislature yesterday by Senator Spencer, just after his failure to secure an appropriation for Duluth. He said: "I have voted for a majority of the items in this bill, but St. Louis county is paying more than her proportion and getting nothing out of it. I want you to distinctly understand that within the next ten years the northern tier of counties will not be a part of this state."

Will Be a Good Thing for Colorado.

Denver, Colo., April 20.—A special dispatch to the Times from New York announcing that the indemnity of \$150,000,000 to be paid by China to Japan is to be in silver and made in six annual payments created a stir in this city. President H. H. Moffat of the First National bank says: "It will make silver steadier for some time to come and by creating a demand will make the price still higher. It will be a good thing for Colorado." Other bankers and those interested in the silver mines express the same opinion.

Miner Is Fatally Assaulted.

Leadville, Colo., April 20.—John Elliott was assaulted and fatally injured yesterday by a man whom he positively refuses to name. Elliott is a miner and while coming from his work he was met by a man in a buggy. The stranger jumped out and knocked Elliott down and then kicked him in a terrible manner. A number of ribs were broken and he is internally hurt. His face is a mass of bruises. There is a woman in the case.

Escapes a Shower of Bullets.

Cedar Rapids, Iowa, April 20.—Marshall William Gearhart of Blairtown was fatally shot at 7 o'clock last evening by Jim Cox whom the officer was trying to arrest for a minor offense. A mob surrounded Cox's house and fired at least 1,000 shots into it. The angered citizens then set fire to the place, but Cox escaped with his Winchester, exchanging shots with the crowd. If captured he will be lynched.

Think Mrs. Darling Is Crazy.

Detroit, Mich., April 20.—The story which the elder Mrs. Darling tells of Dr. F. N. Spranger and his wife, implicating them in the death of her son by poisoning, was exploited by her when she was in Detroit at the time of her son's death, over a year ago. In this city the story is discredited, and Mrs. Darling is thought to be demented.

AGAINST A HEARING
ON THE INCOME TAXSUPREME COURT SAID TO
STAND THAT WAY.Rumors at Washington Are To That
Effect, and It Is Thought That To-
day's Conference Will Clinch the
Idea—Full Bench Will Be on Hand
Next October.

Washington, April 20.—It is said that the supreme court will decide against a rehearing of the income tax on Monday, when the matter will come before them. The petition for the reargument of the case is expected to be considered in conference today and if the judges are of the same opinion then as they were yesterday the petition will be denied, and Chief Justice Fuller will make an announcement to that effect on the bench next Monday. It is well understood by members of the court that the question will come before them again next October in new cases from various parts of the country. The circumstances surrounding the recent decision of the court are such as to warrant and encourage taxpayers in contesting the law further in the courts. By next October there is a probability there will be a full bench of the Supreme court, for members of the court and the court officials have recently received communications from Mr. Justice Jackson, stating that he hopes and expects to resume his judicial duties when the court convenes next fall. Commissioner Miller of the internal revenue bureau has sent a letter to Secretary Carlisle, in which he says: "The aggregate amount of income tax shown by the returns will be about \$14,365,000. Delayed returns and corrections, it is believed, will considerably increase this amount." The judgment of the treasury officials is that but for the adverse decision of the Supreme court the amount carried by the returns would have been about \$30,000,000.

FOREIGN TRADE FALLING.

Returns for the Last Fiscal Year Show
a Reduction of \$10,000,000.

Ottawa, Ont., April 20.—Trade returns for the year ended June 30, 1894, have been issued. They show an aggregate foreign trade of \$230,618,000, as compared with \$240,270,000 in 1893, a decrease of about \$10,000,000. The exports to the United States are said to have been \$7,000,000 less than in 1893. The aggregate trade with the United States, which was \$90,000,000 as far back as 1874, amounted to only \$88,000,000 last year. The aggregate trade with Great Britain, which was \$108,000,000 in 1874, was but \$100,000,000 in 1894. The decline in imports from the previous year was \$5,500,000 and the decrease in duties collected was about \$2,000,000. The Canadian exports of agricultural products fell off from \$22,000,000 in 1893 to \$17,677,000 in 1894.

The Trouble at Pender, Neb.

Pender, Neb., April 20.—Sheriff Mullin and a posse of ten heavily-armed men, yesterday started for the Mormon house, seven miles from here, where eight Indian police were known to be holding possession of the house, from which they had driven the leaser. The Indians were taken by surprise, but all escaped in the darkness except two, John White and Jim Black Hawk. No resistance was attempted. The prisoners will be given a preliminary hearing to-day. The trouble grows out of the refusal of the Flourmeyer Land Company and its lessees of Indian lands to vacate the property in favor of persons to whom the agent, Capt. Black, has leased directly. The Indian office at Washington fully upholds the actions of the Indian agent and the Indian police in the trouble at the Omaha and Winnebago Indian reservations at Pender, Neb.

Only Two Big Games Played.

Only two games were played in the National league yesterday, one of these being the initial struggle of the Boston and Washington teams to open the season at the "Hub." The Boston won handsily, though the Senators played a fairly strong game. The other contest was between the Louisville and the Pittsburghs, and the latter team avenged its defeat of the day before. The following were the scores made:

At Louisville—
Louisville.....0 0 0 0 1 0 0 0 0—1
Pittsburghs.....0 2 4 0 1 0 2 0 *—3

At Boston—
Boston.....0 0 1 0 1 1 7 1 0—11
Washingtons.....1 0 3 0 0 2 0 0 0—6

Games are scheduled in the National league to-day as follows: Chicago at St. Louis; Boston at Washington; Brooklyn at New York; Pittsburghs at Louisville; Cleveland at Cincinnati; Philadelphia at Baltimore.

Satelli in Sympathy with Them.

Winnipeg, Man., April 20.—Archbishop Langevin said yesterday his first pastoral, to be issued from the pulpits of his diocese Sunday, will deal with the school question and other matters of importance to the church. He said Ablegate Satelli has written a letter sympathizing with the clergy and laity of the archdiocese in their struggle for separate schools, and hopes the time is near when their rights will be restored to them.

No Woman's Suffrage in Indiana.

Lafayette, Ind., April 20.—Yesterday in the Superior court Judge Everett held in the suit of Miss Helen Gougar, who sought to recover damages from the election board for refusing to allow her to vote at the last November election, that under the national and state constitutions women were excluded from suffrage and decided against Mrs. Gougar. The decision is important because it is a test case.

End of His Life Drawing Near.

Fairfield, Ia., April 20.—Ex-Senator Wilson was unconscious all day yesterday. His physicians say he cannot live another day.

TELL GREAT TALES
IN WILLIAMS' CASEA SENSATION IS PROMISED AT
WASHBURN.The Alleged Defaulting Treasurer Ar-
rives at That City, and Will Have
a Hearing on Wednesday—If He Is
Held For Trial, the Case Will
Come Up May 6.

Washburn, April 20.—Allen Williams, the alleged defaulting treasurer arrived here this morning. He will be examined on April 24 and if held for trial he will come up on May 6. A sensation is promised when the case gets into court.

Milwaukee, Wis., April 20.—Edward Meredette and Charles Nock were arrested last night charged with arson. Wilhelmine Koepke, the complainant, says the men were around her barn on the Chicago road south of the city Wednesday night. The barn was burned that night and she charges the men having set it on fire.

ATTACK MRS. PARNELL.

Aged Mother of the Late Irish Leader
Severely Injured.

Bordentown, N. J., April 20.—The aged mother of the late Irish leader, Charles Stewart Parnell, was found lying bleeding and unconscious late last night by Charles Casey, son of the farmer who has charge of the farm at Ironside, overlooking the Delaware river, near here, where Mrs. Parnell resides. A physician made a thorough examination and found that Mrs. Parnell had sustained a severe and painful lacerated wound on the right side of the head, from which the blood flowed freely. There was also a number of livid bruises about the face. Every medical attention was given the patient, but in her advanced age her condition was regarded as critical in the extreme. She is still unconscious.

The local authorities are unable to determine whether Mrs. Parnell was brutally assaulted by some fiend in human form or whether her injuries were the result of a heavy fall in the darkness. Her pocketbook was missing and her papers were scattered about in all directions. This gives color to the assault theory, and it is argued that she was set upon by tramps or by some one who had robbery as a motive. As soon as she regains consciousness she may be able to tell how she was injured.

BAD FOR NICARAGUA.

Rejection of Offer to Arbitrate Brings
Matters to a Critical Stage.

Washington, April 20.—Officials and diplomats regard the answer of Lord Kimberley, rejecting Nicaragua's offer to arbitrate differences, as bringing the British-Nicaraguan question to a critical stage. The ultimatum expired two days ago. Under these circumstances it is considered settled that Great Britain will not proceed to collect the debt, as it is viewed from the British standpoint. That Great Britain's exercise of force will not be exerted so as to affect the United States interests is indicated by the fact that neither the state department nor Sir Julian Pauncefote has been notified of Lord Kimberley's response. It is said such a notification would be given if United States interests were remotely imperiled.

The latest official information received here shows that Great Britain can at once bring to bear two formidable fleets for "Pacific" blockading purposes, one on the Pacific side and the other on the Atlantic coast of Nicaragua. The two fleets—nineteen ships—are variously disposed, but all could be rendezvoused for a demonstration of force. The extent of the fleets indicates the preparations for emergencies Great Britain always maintains.

Hong Kong Fears the Plague.

Hong Kong, April 20.—Many deaths are reported in Macao, in the Portuguese settlement of China, at the mouth of the Canton river, as the result of the plague, which made its appearance there a short time ago. The governor of Hong Kong has refused to establish a quarantine against the infected region, and what are called the unofficial members of the sanitary board have resigned. The general feeling is that an outbreak of the plague here is probable at any time.

Wants a Formal Treaty.

Washington, April 20.—Secretary Gresham has shown himself decidedly averse to entering upon any provisional arrangement with Turkey to regulate the status of naturalized American citizens who return to that country, although he has been given much trouble to extend protection to them. The reason for the secretary's declination is found in his desire to stop at nothing short of a formal treaty by which the rights of this class of our citizens shall be fully guaranteed.

Colombian Rebels Active.

New York, April 20.—The Herald's correspondent in Port Limon, Costa Rica, sends word that advances from Colombia are to the effect that the rebels under General Lugo made an attack upon Barranquilla with 3,000 men. The result of the battle has not yet been learned. Rebels have captured ports on the Magdalena river, and the rebel army in Santander is marching on the Atlantic coast under the leadership of General Gutierrez.

Waste This Afternoon

DURANT IS THE FIEND.

Jury Declares He Is the Murderer of
Marian Williams.

San Francisco, Cal., April 20.—The coroner's jury yesterday rendered a verdict declaring Durant guilty of the murder of Marian Williams. Durant was not present when the jury brought in the verdict. Mrs. Durant, mother of the accused, says she has evidence for the defense which will go to upset the bearing of the statement of Witness Hill, who testified before the coroner's jury that he had seen a couple answering the description of Durant and the dead girl standing near the church about 8:30 on the night of the murder and who afterward entered the churchyard. Dr. Bartlett, who conducted the autopsy, testified that Miss Williams died of asphyxiation as a result of having part of her clothing forced down her throat by the murderer and that the knife wounds found on various parts of her body were inflicted after death. He also declared that the girl had been outraged.

SILVER MEN ACTIVE.

Preparing to Organize Non-Partisan
Clubs in the West.

Denver, Colo., April 20.—Governor McIntyre and Senator Teller are leaders in a movement already started to push the organization of non-partisan silver clubs in the west, in accordance with General Warner's suggestion. Senator Teller expressed the belief that the republican national convention would nominate a man who would advocate a single gold standard. He said that the single standard men were organizing, no matter whether they had formerly been republicans or democrats, and they would act in harmony in the future. He advised the organization and concentration of silver forces without delay.

Representative Hitt in Danger.

Washington, April 20.—The gravest fears are entertained that Representative Robert R. Hitt of Illinois may not live to see the setting sun. It has been known for days that the distinguished Illinois congressman was seriously ill, but as he had been confined to the house since the adjournment of congress and had many ups and downs in his illness it was supposed he was only suffering from an acute attack of inflammatory rheumatism. Late last evening it became known that Mr. Hitt had suffered a severe relapse and that medical aid had been summoned from New York. Friends of the family say there is but little hope of recovery, although the popularity of the Illinois leader is so great and his loss would be so deeply felt that all are inclined to hope for the best.

Tries to Kill His Divorced Wife.

Decatur, Ill., April 20.—Last evening while intoxicated William Kramer shot his divorced wife, Mrs. Emma Bogardus, at the home of her sister, Mrs. Flora Moore, and then shot himself, dying in less than an hour. Muruga Departs for Mexico.

Washington, April 20.—Senor Muruga, the Spanish minister, who has been succeeded by Senor de Loma, left last night for Mexico, whence he goes to Spain. Pending the arrival of Senor de Loma the legation here will be under the direction of Senor Segarra.

Not in the Bible.

Nine persons out of ten, or thereabouts, if asked where the expression "God tempests the wind to the storm lamb," can be found, will answer, "In the Bible." But they will be mistaken. This is one of the three or four proverbial quotations generally believed to be in the Bible, which are not there. It is from Lawrence Stern's famous "Sentimental Journey," in the chapter called "Maria." The other proverbs commonly credited to the Bible are, "Cleanliness is next to godliness," which is found in one of John Wesley's sermons, and "Pour oil on the troubled waters," which is derived from a statement in Pliny's natural history, written 1,800 years ago.

The Man Died First.

The Russian courts have reversed the assumption of the American tribunals that when a husband and wife are drowned in the same disaster the wife dies first. The Russian doctors have testified unanimously that the man would be the first to die, because the woman is more agile and keeps herself longer above water.

Either House This Morning, and

THE LETTER WAS NOT ANSWERED

British Foreign Office Denies the Reply
to Kimberley.

London, April 20.—The officials of the British foreign office declare they know nothing of the letter alleged to be the reply of Earl Kimberley, secretary of state for foreign affairs, to the answer of the foreign minister of Nicaragua to the ultimatum of Great Britain. The Exchange Telegraph company asserts the British foreign office is still occupied with Nicaragua's reply and that "steps would already have been taken to press home the ultimatum if it had not been ascertained that the British demand was delayed in transmission."

Managua, Nicaragua, April 20.—It is asserted in official circles here the report that England has adopted the proposition of this country for a settlement pending difficulties by arbitration is premature, but that negotiations for a settlement are very far advanced. Conferences between British Minister Gosling and Minister Brea and Barrios continue and there is much telegraphing between here and London.

American Citizens Set Free.

Washington, April 20.—The department of state is in receipt of a dispatch from Consul Brice at Matanzas, Cuba, saying the two American citizens, Justo Genere and Jose M. Caraballo, arrested at that place April 6, were released on the 9th inst. The men were suspected of complicity in the rebellion, and it was owing to the American consul's good offices their case was disposed of favorably.

The heat was so intense that the vault and safe in the court house were cracked and the court records partly destroyed. The Masonic temple was also burned and families are camped in the streets. A Mr. Neil was so badly burned in the face, neck and breast that he cannot recover.

Williams Called Home.

New York, April 20.—A special to the Herald from Havana says: "Consul-General Williams will leave for the United States at once, having been called there by Secretary of State Gresham. It is thought here he will never come back in his official capacity. It is stated that there is danger of an increase of yellow fever in Havana. Admiral Meade's fleet of United States cruisers is expected to reach here April 23. No fighting in the interior has been reported."

NEW TOWN OFFICERS ARE NOW IN CHARGE

A LIST OF THE CLERKS AND THE TREASURERS.

The Names of the Members of the New Board of Supervisors—Many Favor W. T. Vankirk For Chairman of That Body—First Meeting Will Probably Be Held About June 5.

The new board of supervisors of Rock county will probably assemble in special session on June 5, for the purpose of organization and considering such business as may demand attention at that time. A new chairman will be elected at this meeting. This is an important position in the county legislature, requiring a man well posted in county affairs, besides

one familiar with local laws governing counties, and an acquaintance with the needs of the different interests of the county. While The Gazette has no particular favorites among the many able men who will be members of the incoming board, yet it would suggest that Supervisor W. T. Vankirk would make a capable presiding officer, one possessing all the qualifications necessary, and one who would honor the position. His election to the chairmanship of the Rock county legislature would also be a slight recognition of the stalwart work he has done for many others of his party and for the advancement of republican principles. The members of the new board, with their postoffice address are as follows:

THIS DAY IN HISTORY

1718—David Brainerd, famous missionary to the Indians, born at Haddam, Conn.; died 1747.

1736—Prince Eugene of Savoy, famous commander, died; born 1665. Eugene was one of the greatest generals of modern times. He fought under an alien flag over 30 years that of Austria. Louis XIV. who had repulsed his early ambition and caused him to enter the Austrian service, offered him a marshal's baton in vain. In co-operation with Marlborough he won many great victories over the French, particularly at Blenheim, Oudenarde and Malplaquet.

1808—Charles Louis Napoleon Bonaparte, known in history as Louis Napoleon, third emperor, born in Paris; died at Chislehurst Jan. 9, 1873.

1892—Severe earthquake throughout the whole of California; central near Vacaville, where great damage was done.

1890—Mrs. Almira Hancock, widow of General W. S. Hancock, died in New York city. Disaster at the intake end of the Milwaukee tunnel; 11 workmen drowned.

1894—Fatal and destructive earthquake in Greece.

The 16 to 1 puzzle that is agitating democracy and the free silverites just now, is not very difficult of solution to the average mind that believes in sound money. There would be just as much sense in demanding that pig iron should command the same price as raw cotton, because it weighs sixteen times as much, as there is in demanding that silver bullion should command the price of gold because it weighs sixteen times as much. Silver bullion is worth today 52 cents; 32 to 1 is about the comparative value. Silver dollars about the size of a butter dish, would be worth a dollar. This would be honest money but a little inconvenient to handle.

A conservative estimate of the shrinkage in value of the three great industries in the country, manufacturing, agriculture and transportation, places the losses at \$6,000,000 in the past two years. Add to this the loss of labor from enforced idleness, as the result of democratic folly, and something of an idea may be gained concerning what the "change" has cost the country. There is only one bright side to this dark history, and that is, that the American people have had an experience so full of practical object lessons, that the impressions cannot soon be forgotten.

The London Economist of recent date says: "We shipped nearly double the quantity of cotton piece goods to the United States in February this year, than we did in the same month last year, the amount being 8,351,700 yards as against 4,406,500 yards." This is all very nice for England, but how about the home market. There is only one article of American production that shows an export increase, and that is bonds. The democratic party is a great financier.

At the present price of silver bullion, China can borrow \$150,000,000 in gold and pay off her silver war debt of \$300,000,000.

The whisky trust begins to look very much like a whisky steal.

Very Queer Indeed.

Daily, nay, hourly experiences, are the sensations of the dyspeptic, nervous invalid. Ask him and he will tell you that it is well nigh impossible to describe them. Palpitations of the heart suggest—erroneously—that the organ is affected, buzzing in the ears, a queer metallic taste in the mouth and tingling along the edges of the tongue, restlessness, broken slumber at night, an inclination to sleep during the day, which disappears when the recumbent posture is assumed, frequent uneasiness of the stomach between and after meals when digestion ought to have performed its office. These are a few among the incidents of the complaints speedily removable by the use of Hostetter's Stomach Bitters, which also cures and prevents its chills and fever, biliousness, constipation, rheumatism, neuralgia and kidney trouble.

FOOL THIEVES POUND AN UNLOCKED SAFE

FORD MILLING COMPANY'S OFFICE
BROKEN INTO.

Although the Strong Box Was Not Fastened, They Thumped the Combination with a Piece of Shafting, and Then Gave It Up—General News of the Town.

Bungling thieves attempted to break into the unlocked safe in the Ford Milling Company's office last night but were not successful. Entrance was effected by scraping the putty from the glass in a window which enabled them to remove the pane. Then they reached in and pushed the window up. On the end of the office a small frame addition has been built which is used as a general storeroom. In this room was a piece of shafting two or three feet long, upon the end of which was an iron collar. With this implement the thieves had pounded on the combination of the safe bending the knob downward. The safe was not much injured and was not locked at the time, but the thieves did not try the door to see whether it was open or not.

THREE PEOPLE HURT BY A FLYING TEAM

MRS. IRA WILCOX RECEIVED
INTERNAL INJURIES

Beside That Her Shoulder Was Broken, and Her Husband and a Woman Who Was Riding with Them Were Also Injured—A. D. Sanborn May Die From a Fall.

Mrs. Ira Wilcox of Harmony was very seriously injured in a runaway wreck on West Milwaukee street a few minutes after 12 o'clock today. Mr. Wilcox and Mrs. F. Effa of Newark were also considerably bruised and scratched in the same wreck, and Mr. Wilcox's buggy was knocked into small fragments. Mrs. Wilcox's shoulder was broken, her face, head and body cut and scratched by the horses' hoofs and in addition she sustained internal injuries.

The wreck was caused by Herman Kruger's team, which had broken from a hitching post in front of Back's clothing store, and were making a heavy wagon in tow. When near N. Frederick's livery stable the runaways overtook Mr. and Mrs. Wilcox, the buggy top being full up. The runaways jumped right onto the buggy, crushing it to the pavement. The three occupants were held fast in the wreckage, and were being tramped on by the runaways, when men in Frederick's livery rushed out, caught the frightened horses, and rescued the unfortunate occupants of the wreck.

They were taken into Dr. Pember's office, where Dr. E. E. Loomis attended them after which they were taken to the home of Mr. Wilcox's sister, Mrs. C. E. Cannon, 206 Center street.

One of the horses had a silver forced through its foot in the smashup. Kruger's team, it is said, were frightened by a street car.

A. D. Sanborn Seriously Hurt. Asa D. Sanborn was seriously if not fatally injured at 1 o'clock this afternoon, when he fell head first from his wagon, striking the pavement, at the corner of Dodge and South River streets.

Mr. Sanborn was riding with his son in the grocery delivery wagon. As they turned the corner, the old gentleman tumbled out, striking on his head and shoulders. He was taken into the office of the Janesville Water company and Dr. Henry Palmer was called to attend him. Before an examination was had, the fire patrol ambulance was called and the injured man was taken to his home, 162 South Main St. No bones appeared to be broken, yet Mr. Sanborn seemed to be severely injured about the head and back. He was partly unconscious, though at times he was unable to speak, complaining of his head and back. At 4:30 o'clock Mr. Sanborn was resting easy and was apparently much improved.

COLLEGE BOYS SANG AND PLAYED

Very Pleasant Concert By the Line City Club Last Night.

Eighteen college boys stood in a two-row semi-circle at the Congregational church, last night. They hummed faintly as the leader sounded the key; then each drew his breath and from eighteen throats a burst of melody came. And such melody. It swelled and echoed and died, and a storm of applause followed. The eighteen young men composed the glee club of Beloit college and their Alma Mater has no reason to be ashamed of them. They were by all odds the best college club that has appeared in Janesville this season and their work pleased the audience immensely. While some of the pieces selected have been often sung in Janesville, they were never sung better and that made up for it. Mr. Atkinson, who sang the solo "The Three Beggars" has a very nice solo voice and rendered his numbers very effectively, while Mr. Boynton, the leader of the club sang his solo "The Yeomen's Wedding Song" very nicely indeed. The chorus work of the club was especially effective and the voices blended very smoothly. Every number rendered by the Glee club was encoored and some times they encoored the encoored.

The banjo club is also a very creditable organization. Eleven musicians compose the club and they are all thorough masters of the instruments. The music selected is very tuneful and the club is a banjo club in fact as well as in name, only two other instruments, a mandolin and a manola being used.

The Mandolin club is also composed of eleven members and they make most excellent music. "The Director's March" "One Sweet Dream" and "Sulle River Del Mississippi" are their best numbers.

Between parts one and two of the programme, Professor H. Roland played Schubert's Serenade on the zither in a way that demonstrated that he was a thorough master of that instrument.

Young ladies acted as ushers and ticket takers, they being Maude Nowlan, Allie Farnsworth, Jessie Sherwood, Hannah Skavlen, Tet Echlin, Etta Zache, Georgie Withington, Winnie Jerome, Mattie Shoppell, Grace Ward, Nettie Kent, Grace Mead and May Cunningham, and following the concert, a reception was given the clubs in the church parlors. Light refreshments were served and the boys all said that their reception at the last concert of the course was as pleasant as any during the trip.

BOWER CITY GIRLS LOST AT BELOIT. Janesville Young Ladies Were in an Uncomfortable Predicament.

"Two Janesville girls drove down to Shopiere Wednesday afternoon and started to return home in the evening, but lost their way," says the Beloit News. "Instead of driving home as they desired, they landed in Beloit shortly after 2 o'clock Thursday morning. Officer Kerwin saw that they were perplexed, and accosted them. They thought they were in Janesville, but the officer soon informed them of their mistake. Some one told them the way but directed them wrong. Officer Kerwin put up their horse and paid for their lodging, as neither had enough to pay the bill. They were not expecting to need money when they started out, and consequently their financial stability was not equal to the emergency. One of the young ladies is a nurse and the other works in a tobacco factory in the Bower City."

GUS COOK JAILED AT ROCKFORD. Rock County Bad Man In the Tails For General Cussedness.

Gus Cook, the Janesville man who achieved considerable notoriety by stabbing a horse to death, is in jail at Rockford. The Register-Gazette says: "Chief Bargren placed Gus Cook, a young man who is crazy, in the county jail today where he will be kept until his record is investigated and some provisions made to take care of him." Cook is a bad pill, and if Rockford police can "take care of him" Janesville police will be likely to send down the eclair.

CHIMNEY FIRE CAUSED A RUN. Clouds of Sparks Follow Lighting a Grate Fire at J. M. Bostwick's.

The fire alarm turned in from box 35 last evening, was caused by a cloud of sparks from a chimney at J. M. Bostwick's residence, at the corner of Court and Jackson streets. Mr. Bostwick had just lighted a fire in one of the grates at his home and the kindling was such as to send a cloud of sparks flying upward with the strong draft. The fire department made a quick run, but found no work on hand.

BIG LOADS OF LEAF BROUGHT IN TODAY

STREETS FILLED UP WITH
LINES OF WAGONS.

Many Farmers Haul in Their Crops to the Local Dealers, and Times Were Lively About the Warehouses—S. B. Heddles To Re-Sweat 1000 Cases—Leaf Notes.

The tobacco warehouses in the vicinity of the depots presented a lively appearance today, receiving leaf from the growers. There was a regular blockade of teams around Mayor Baines' warehouse during the forenoon. Another crowd were at Soverhill & Porter's and S. B. Heddles, while teams stood in line at a number of other warehouses. At some of the warehouses spectators counted as many as fifty teams waiting a chance to unload. The farmers waiting at the warehouses of A. N. Jones and Haviland & Son nearly filled North Main street this morning and their buildings were busy places.

Arrangements have been made whereby S. B. Heddles will handle one thousand cases of tobacco to be put through the sweating process. The tobacco which belongs to J. H. Haviland & Son and P. Rudolph is all of the '93 and '94 crop, and there is no doubt but what Mr. Heddles will carry out his part of the contract in a way entirely satisfactory to all parties.

The local market has not been very lively in the line of cigar leaf. Buyers are said to be making but few purchases. Although they are doing a great deal of riding, they are said to be somewhat exacting as to quality and very particular as to prices. The business among the packers has also been very dull, although some export goods have been sold. Dealers say the outlook is not very promising and do not expect any immediate improvement. One farmer is said to have hauled his '92 crop thirteen miles to a railway station, shipped it to Tannert & Hensing, in Stoughton, and received as the proceeds of the transaction \$3.10. Sales in the county are reported as follows:

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.
It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

"A Word To the Wise is Sufficient."

I suffered terribly from a roaring in my head during an attack of catarrh, and became very deaf. I used Ely's Cream Balm, and in three weeks could hear as well as ever.—A. E. Newman, Grading, Mich.

One of my children had a very bad discharge from the nose. Physicians prescribed without benefit. After using Ely's Cream Balm a short time the discharge was cured. O. A. Cary, Corning, N. Y.

Price of Cream Balm is fifty cents.

If the Baby is Cutting Teeth, Boresure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

CLEAR LAKE SUMMER PLANS.

Rose Hotel is Being Repainted—Tillman Park Hotel Sold.

CLEAR LAKE, April 19—A. L. Rose is painting his Clear Lake house and getting ready for the summer guests. Several have already sent word for rooms. The Clear Lake house on the north side, has changed hands. Mr. Miller has sold it to A. E. Aitken, of Kearney, Nebraska. The hotel will be refitted and run this summer. Fred Tillman and wife are back to their old home again. Mr. Tillman has been spending the winter in Chicago with his mother, and Mrs. Tillman with her parents at Fort Atkinson. Hunters are still on the go, and so are the ducks. One hunter was seen with a whole buggy full and some hanging over. School will beg in next Monday. George Button shot a duck on his pond one day this week. Fishing seems to be one of the pleasant pastimes here, some staying out nearly all night.

J. A. Richardson, of Jefferson City, Mo., Chief Enrolling force 38th general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed, I obtained almost instant relief and a speedy cure by the use of One Minute Cough cure. C. D. Stevens.

THE MICROSCOPE.

A careful microscopical examination and chemical analysis of the urine, is a valuable aid in determining the nature of many chronic diseases, particularly those of the nervous system, blood, liver, kidneys, and bladder. These aids make it possible to treat such diseases successfully at a distance, without personal examination of the patient. Thus Bright's Disease of the Kidneys, Inflammation of the Bladder, Gravel, and other Diseases of the Urinary Organs are successfully treated; Nervous Debility, Exhaustion, Dropsy, Liver Disease, and many other Chronic Maladies are cured without seeing the patient. Write for question blanks, treatise, and other information, describing case, and inclose 10 cents, in stamps, to pay postage.
